

Canaan Land Ministries

"Defend the poor and fatherless: do justice to the afflicted and needy" Psalm 82:3

Canaan Land Ministries is a mission in southern Brazil that provides an alternative to children in desperate circumstances. It was founded in 1978 and has been growing ever since. Originally, the children's home accepted only girls, but boys were eventually permitted. There are generally 35-40 children at CLM, and the number changes often. The ages in this big family vary from infants to adults.

What CLM does: CLM is helping the abandoned children of Brazil. 7-8,000,000 children are estimated to be living on the streets of Brazil. CLM helps by creating safe, secure environments for children to grow in while exposing them to the Gospel message. The home has responded to the Biblical mandate to care for the fatherless of Brazil. It has a goal of establishing child care that reaches needy children with the message of hope that is in Jesus. The home pictured above was built in the late 1990's replacing a collection of deteriorated buildings.

What CLM needs:

- CLM needs prayer - if you would like to receive a weekly email update on needed CLM prayers please visit www.clmhome.com.
- CLM needs funds—financial support is necessary in order to run the home.
- CLM needs long and short term missionary workers. If you are interested please contact Mary Gibson at clm@entereriosnet.com.br for information about working at CLM.

'When my father and mother forsake me, then the LORD will take me up.' Psalm 27:10
